Board:

The successors for the Independent Directors shall be identified by the NRC at least one quarter before expiry of the scheduled term. In case of separation of Independent Directors due to resignation or otherwise, successor will be appointed at the earliest but not later than the immediate next Board meeting or three months from the date of such vacancy, whichever is later. The successor(s) for the Executive Director(s) shall be identified by the NRC from among the Senior Management or through external source as the Board may deem fit.

The NRC will accord due consideration for the expertise and other criteria required for the successor. The Board may also decide not to fill the vacancy caused at its discretion.

Senior Management Personnel:

A good succession-planning program aims to identify high growth individuals, train them and feed the pipelines with new talent. It will ensure replacements for key job incumbents in KMPs and senior management positions in the organization. Significantly, we have a process of identifying Hi-pots and critical positions.

Policy Statement:

The Talent Management framework of the Company has been created to address three basic issues:

1) Given the strategic business plans, do we have the skills and competencies required to implement them?

If not, how do we create them – by developing them internally or through lateral induction from outside?

2) For critical positions, what is the succession pipeline?

3) What are the individual development plans for individuals both in the succession pipeline as well as others?

The framework lays down architecture and processes to address these questions using the below approach:

a) Experience i.e. both long and short-term assignments. This has 60% weightage.

b) Exposure i.e. coaching and mentoring – 20% weightage.

c) Education i.e. learning and development initiatives – 20% weightage.

The Talent Management process is applicable to all employees. Over the years, the Talent Management framework has become a well-structured and process oriented system.

The talent pipeline is maintained and developed so as to ensure that there is a seamless flow of talent. An important part of this exercise is drawing up and implementing IDAPs (Individual Development Action Plans) for every Executive concerned using the approach mentioned above.
